

K-LOVE is the only 24 hour, 7-day, Contemporary Christian Music (CCM) broadcasting station in San Antonio, TX. If KZLV (the local rebroadcasting station) were to stop transmitting K-LOVE's signal, I would have no station to listen to. For this very reason, I support K-LOVE financially, in order to have a 24/7 CCM station in our city.

It concerns me that a LPFM might displace the only 24/7 CCM radio station in my city and I object to this concept.

In addition to the 24/7 CCM format, K-LOVE provides public service announcements regarding concerts and other events, specific to San Antonio, that we would not hear on any on any other station in our area. I donate money monthly to help keep K-LOVE's signal in San Antonio and I want that signal to continue broadcasting, as it is, in this city.
